

What Our Customers Say About Us

I wanted to let you all know that Southside Granite was the easiest to work with of all the contractors involved with our kitchen remodel. You were the only ones that actually did what you said you would do when you said you would do it. I wanted to thank you for that. Sherry K., Dothan, AL

In today's market you are lucky to feel like you get what you pay for. When you make a purchase that exceeds your expectations you need to tell the owner and everyone else! From the measurement, the layout to the cutter - everyone was great. The installers were exceptional! The installation was painless on me! I'll send pictures when everything is in place but I didn't want to wait any longer to tell you about a great experience. Southside is not only the oldest but definitely the best. Thank you for a great job! Debra A., Ozark, AL

Your installers were awesome! The granite looks amazing and even better (if possible) than I remembered! I am so thrilled with it and can't wait for the tile installer to work his magic on the backsplash now. Thank you so much for making the whole process so enjoyable. Hopefully, we'll have cause to work with each other again! With great appreciation! Pam and Mark H. Enterprise, AL

The installers were great, very professional and did a terrific job! Bonnie M., Dothan, AL

I absolutely love my granite I purchased from Southside Granite. The service I received was more than anyone could ask for. The staff went that extra step make sure we got exactly what we wanted. I recommended them to my son and daughter-in-law when they built their new home. They love their granite and were also very pleased with the service they received. My son also commented on how they install the undermount sink (top quality work). That is the reason Southside Granite has been in business over 70 years. Good quality product and customer service. Bobbie E, Midland City, AL

Southside Granite turned my humdrum kitchen into a real showplace with beautiful granite countertops and sinks. I received expert help searching and matching colors in addition to precision measuring and cutting allowing everything to fall right into place.... and at a great price, I might add! Extremely professional and friendly. I highly recommend them! Camille A., Ozark, AL

When we needed two HUGE matching pieces of granite for our kitchen remodel, Southside Granite took over our worries. The outcome is absolutely stunning! We also needed a small section for a bathroom vanity for which they suggested a remnant for the job. Again, gorgeous AND saved money. Good bunch of LOCAL FOLKS to do business with.
